Radio Facilities in the Saakefshervar and
Tapolca Military Airfields

25X1

25X1

UNCLASSIFIED

THIS IS UNEVALUATED INFORMATION

This report is the result of a joint collection effort by the Air Force, the Army and CIA, and is disseminated in accordance with the provisions of AR 600-107. 25X1

- 2 R-50 type military radio transmitters are used in both Saakefshervar and Tapolca military airfields for air-ground communications purposes by the control tower. Saakefshervar airport has two extra R-50's in two trucks for use in case of emergency. These two airports have no point-to-point communications facilities. 25X1

are two sketches pinpointing the exact locations of radio transmitters at Saakefshervar and Tapolca Military Airfields. 25X1

CONFIDENTIAL.

- ✓ 1 - Saakefshervar Military Airfield with locations of radio transmitters.
- ✓ 2 - Tapolca Military Airfield with locations of radio transmitters.
